

PETRA MORTAR

INFORMATION:

The Petra Mortar is handmade from natural stone. Each product is therefore unique and will slightly vary in colour and pattern.

PETRA MORTAR

CARE INSTRUCTIONS:

The Petra Mortar is not dishwasher safe. To clean the mortar and pestle, apply a few drops of uncoloured, unscented dishwashing liquid, and wash with a wet, clean and soft sponge. Use water to rinse away any soap residue left after cleaning. Avoid using any abrasive or sharp objects to clean the delicate surface of the Petra Mortar.

Due to the naturally porous nature of the stone, stains or discolouring from spices and food will occur over time. To minimize any discolouration, please rinse both the mortar and pestle in lukewarm water immediately after use.
